

## Pharmabox 24

Pharmabox is an automated retail shop, open 24/7, that can sell different products of different shapes & dimensions such as:

- > allergy medicines
- > medicines for cold symptoms
- > personal health products
- > medicines for children
- > beauty and personal care products

Indoor and outdoor, without the need for any employees.

Best places to install the kiosks:

- > airports
- > train stations
- > universities
- > business centers
- > shopping malls and other places, where the pharmacies are not conveniently located

### Product dimensions
